HD 630VB

 **SENNHEISER**
The Pursuit of Perfect Sound

HD 630VB

Sennheiser's new closed, circumaural audiophile headphone, the HD 630VB offers an audiophile listening experience, with the bass sound that listeners demand.

Styled with Sennheiser's clean, contemporary design ethos, the HD 630VB is crafted from premium materials including strong, lightweight aluminium ear cups, yokes and sliders. The adjustable headband makes it easy to achieve the perfect fit, while soft ear pads make even longer periods of listening comfortable.

Bass can be adjusted through a rotary dial on the ear cup, which also feature remote controls for music and taking calls via the inline microphone on the cable, allowing for headset use with selected smart devices.

- Closed circumaural audiophile headphone, with collapsible design for maximum portability.
- Premium metal construction, with real aluminum ear cups, yokes and sliders.
- Balanced, audiophile sound.
- Rotary bass dial for customising the bass response
- Integrated remote controls on the ear cup to control music and taking calls via the inline microphone.
- Removable and exchangeable ear pads.

Technical Data

HD 630VB

EAN	4044155089769
UPC	615104249721
Art. No	505985

General Data

Wearing Style	Headband
Ear coupling	Circumaural
Transducer principle	Dynamic, closed

General Data

Frequency Response	10 – 42,000 Hz
Impedance	23 Ω
Sound Pressure Level (SPL)	114dB (1 kHz/1V _{rm})
Total harmonic distortion (THD)	< 0.08% (1kHz, 100dB)
Bass Boost	+/- 5dB at 50 Hz
Contact pressure	5.5 – 6.8N
Weight (headphones excluding cable)	400g

Microphone

Pick-up pattern	Omni-direction
Frequency response	100–10,000Hz

Packaging

Packaging type	Hard Box
Dimensions product packaging LxBxH	243 x 131 x 283 mm
Weight of earphones and packaging	1343 g
Dimensions of outer master carton LxBxH	525 x 430 x 300 mm
Number of product per outer master carton	6
Total weight of master carton and products	9504 g

Accessories	Carry bag, Adaptor 3.5 mm to 6.3 mm Extension cable not included
